

Suggested drop off information

We suggest that you ask the driver to drop you on the Minster side of the road on Church Street, which avoids the need to cross a busy road or for the coach to turn around. The map below indicates suggested routes which will bring you to the Minster side of Church Street, avoiding the small, congested town centre which may be difficult for buses.

These are only suggested routes designed to help with your planning. The safety and supervision of your group remains your responsibility at all times.
