Want to make your own Christmas Angel? This activity should be done at home with the help of a parent or carer.

 2. Colour in your angel using colouring pencils or crayons. If you have any glitter or spare fabric in your house you can add this to your angel to make her shine. **Make sure to colour in both sides of the wings**
 3. Cut out the angel carefully along the dotted line. **Get a parent or carer to help you when using scissors**
 4. Fold along the solid line and slot the wings into each other. Bring A to B.
 5. Secure your angel by using sticky tape or glue stick on the inside of the angel and outside on the wings.
